

As the University responds to the rapidly changing COVID-19 situation, we have suspended recruitment and hiring through June 2021 with the exception of a limited number mission critical positions. These mission critical positions are posted and can be accessed [on our jobs page](#).

In-person interviews are suspended indefinitely, and will be replaced by interviews in a virtual format where appropriate.

We appreciate your interest in employment at The University of Akron, and we encourage you to continue to review our job postings for the most current job opening information.

Thank you,  
Human Resources
